

WE NEED YOUR SUPPORT.

More than 1,000 Indiana residents and 100,000 people throughout the country await a lifesaving organ transplant.

Indiana Donor Network Foundation is a 501(c)(3) subsidiary of Indiana Donor Network. The foundation provides financial assistance to transplant recipients for medication costs, supports donor families through their grieving process and beyond, provides scholarships for students affected by donation and transplantation, and helps elevate awareness about the importance of organ and tissue donation.

It takes a village to live our mission. The foundation is fortunate that so many individuals, businesses and organizations support our cause through special events we host throughout the year.

To save lives in 2024, Indiana Donor Network Foundation needs you. Through financial gifts, sponsorships, event participation or in-kind donations to our foundation events, please consider playing an integral role in the miracle of donation and transplantation this year.

Sincerely,

A handwritten signature in black ink that reads "Kellie Tremain".
